CONVEYORISED TURNKEY PROJECTS,  
POWDER COATING GUNS,  
POWDER CURING SYSTEMS,  
ALUMINIUM AGEING & ANNEALING FURNACE

## Aluminium Ageing & Annealing Oven

### FAST Heat up and EXCELLENT Temperature UNIFORMITY

PON ENGINEERS Ageing ovens are designed to deliver rapid, complete ageing of every profile in every batch—translating into maximum profile quality. Our ageing ovens feature high-volume air systems that bring loads to temperature quickly. The heating process also occurs with exceptional uniformity throughout the load.

Multiple, pre-programmed cycles allow you to adjust the aging process to the requirements of individual products. we produce several different oven designs, allowing you to the flexibility of a wide price range and the diversity to fit any plant layout and performance requirement.
